

Quota International of DLF City
Volunteer of the Year 2011
Rita Ayyar

Rita Ayyar, the current treasurer of our club was unanimously chosen as the Volunteer of The Year, 2010. However, to say that she is the best volunteer of 2010 would be a gross understatement. We would without hesitation declare her as the best volunteer to date since the inception of QI of DLF City, in 2001.

To justify my comments, I would like to give a brief summary of Rita's background and her spirit of service. She has a Masters degree in Chemistry, from the prestigious Delhi University. She started her career as a research scientist, with the Ministry of Defence in 1971. Later she joined Indian Oil Corporation, a fortune 500 organization and went on to become a Senior Manager. She took voluntary retirement in year 2000, after being a part of the corporate world for 30 years. During her career she handled several diverse areas viz. Research, Training and HRD. At present she is an entrepreneur involved in Network Marketing.

Rita has been a member of QI almost since the beginning of our club at DLF City. She has been a Super Treasurer, who not only has the accounts on her finger tips but is always looking out for ways and means to reduce costs and plug wastages. She is a relentless and a tireless worker, who is ready to help out anybody and everybody. She is always ready to try out new ideas and invariably foremost in taking initiative where others are skeptical and wary. Through her selfless attitude, she sets a wonderful example and thus is a great motivator. If other members of the club contributed half as much as her, we would never be short of working hands.

In Rita's own words- "I believe through giving you receive. Every morning when I wake up I ask myself- Who can I serve Today?"

Her favorite Quote is "If it is to be, it's up to me."- so apt and true for someone as conscientious and dedicated as Rita.

We are proud and privileged to have Rita Ayyar as a member of our club.
