

Carol M. Patin, M.D.

The Quota International founders used the idea of sharing as a true reflection of our mission. Even as a relatively new member, Dr. Carol Patin, Obstetrician and Gynecologist, embodies that spirit of sharing and demonstrates it through her service to the community and to our fellow Quota members.

In 2010, Carol was asked to be a Two Year Board Member and enthusiastically accepted. She has also given generously of her time to serve as Chairman of our New Member Recruitment Committee with remarkable results. She approached her challenge with a new vision; to pursue young professional recruits who were connected in the Baton Rouge business community. Carol believed that in order to ensure the future of a vibrant Quota Club in Baton Rouge it was important to have innovative members who would bring fresh, new ideas to our organization. She also worked tirelessly to empower these new members through service and fellowship opportunities, helping to cement their commitment and dedication to Quota International. Under her encouragement, our new recruit members pioneered a service project to support The Battered Women's Shelter and the Dress for Success Program.

Carol is a wonderful leader who sees no obstacle as too great. She encourages greater involvement through new and inventive ideas. Carol was the architect behind this year's progressive dinner to welcome the 2010 new recruits and in a new twist, commissioned a trolley service to transport the new members to each stop. It was a fun and exciting day that truly demonstrated the camaraderie of our current members and the enjoyable social opportunities that Quota International provides.

Carol's enthusiasm for volunteering is contagious. It is done in a spirit of caring and generosity and serves as an example for us all.
